Keep 2 metres clear along the fence

Terminal perimeter · Delivery Team, Supervisors and Clerks

The empty strip is between the fence and the yellow line.

Everything you put down goes on the **yard side** of the line. The strip against the fence stays empty, all day, every day.

Nothing between the fence and the yellow line

No cargo. No equipment. No materials. No vehicles.

Keep the full 2 metres clear

The line is painted at 2 metres. Stack and park on the yard side of it.

Found something inside? Move it out now

Do not wait to be told. Then report it to your supervisor.

Arrow points at the strip. It stays empty.

Same rule on the open yard. Fence side is clear.

On the terminal layout the zone is marked in **red**; on the ground it is painted in **yellow**. Two colours, one zone — outside you will only ever see the yellow line, and that is the one to work to. The area is checked regularly against the ISPS Code.

VATIN: OM1100006008 / Tax Card No.: 8064917
